Dear Mrs. Dearborn:

May I ask another favor of you. I would like to have sent to me by some reasonably fast method the draft manuscripts of several additional chapters of the Income Stabilization study. The chapters I want are those checked at the left on the attached Table of Contents. The copies of these chapters I would like sent are the ones in the second drawer of the file cabinet which as a general rule are marked "Master Copy" or some such comment. In fact, they should each be in a folder along with notes and comment. If you can manage it I would like in each case the whole folder. In some cases the folder will be labeled with the name of the author and in other cases with the subject of the chapter.

Mailing costs of this material should be added to an account which Marian Berkman should have of sums owed M.I.T. by the National Policy Committee for mailing and other expenses. If Marian has such a record you might ask her to run off a copy and let me have it so that I can arrange reimbursement.

Many thanks.

Sincerely yours,

Max F. Millikan
